

The figure displays three box plots side-by-side, representing the distribution of the variable 'number' for three categories: 'none', 'small', and 'big'. The y-axis is labeled 'number' and ranges from 0 to 10. The x-axis is labeled 'category'.

- none:** The median is approximately 1.5. The interquartile range (IQR) is from 0.5 to 2.5. The whiskers extend from 0 to 3. There are several outliers above the upper whisker, with values around 4, 5, 6, 7, 8, and 9.
- small:** The median is approximately 3.5. The IQR is from 2.5 to 4.5. The whiskers extend from 0 to 5. There are several outliers both above and below the whiskers, with values around 0, 1, 2, 6, 7, 8, 9, and 10.
- big:** The median is approximately 1.5. The IQR is from 0.5 to 2.5. The whiskers extend from 0 to 3. There are several outliers below the lower whisker, with values around 0, 1, 2, 3, 4, and 5.
